Market

Major Gaps in Indian & Overseas Market

01

Lack of 100% Natural Energy Drinks

Most options are laden with artificial additives and sugars

02

Limited Variety in Flavors

Consumers demand more diverse and innovative flavor profiles

03

Sustainability Concerns

Packaging and ingredient sourcing are often not eco-friendly.

06

Limited Sugar-Free & Healthy Options

Most options are laden with artificial additives and sugars

05

Regulatory Compliance Issues

Brands struggle to meet Indian and international standards seamlessly.

04

Inadequate Functional Benefits

Many products fail to meet the energy and health expectations of modern consumers.
